Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Driving Queensland Agriculture and Rural Jobs Growth Provide \$3 million over three years to continue the successful Rural Jobs and Skills Alliance and extend the Queensland Agricultural Workforce Network (QAWN).	
Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Commission the Animal Welfare Advisory Board to conduct a review regarding the welfare of companion animals and provide recommendations to government.	
Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Up to \$400,000 to tackle fruit flies in Bundaberg and fund a pilot trial in regional agriculture data collection with Bundaberg Fruit and Vegetable Growers.	

Minister	Department	Commitment	Status
Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Work with industry to help minimise costs associated with vessel tracking and to ensure the rules applied are practical and achievable for smaller boats and fishing operations that use multiple boats.	
Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Modernise the recreational fisheries app and develop a commercial fisheries app.	
Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Provide an extra \$100,000 to each of the Rockhampton, Mackay and Cairns Regional Councils to help promote their net-free zones.	
Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Analyse feedback from the discussion paper on the Charter Fishing Action Plan to produce a final Charter Fishing Action Plan.	
Minister for Agricultural Industry Development and Fisheries and Minister for Rural Communities	Department of Agriculture and Fisheries	Review the <i>Fisheries Act 1994</i> and Fisheries Regulation 2008 to create a legislative framework for recreational and commercial fishers that is contemporary, simple to understand and reflective of community expectations.	
Minister for Regional Development and Manufacturing and Minister for Water	Department of Regional Development, Manufacturing and Water	Continue planning for the Rookwood Weir.	
Minister for Regional Development and Manufacturing and Minister for Water	Department of Regional Development, Manufacturing and Water	Support the review of the Wide Bay Burnett Regional Organisation of Councils (WBBROC) Water Strategy and provide some expert technical feedback on the proposals being considered for inclusion in the Strategy.	

Minister	Department	Commitment	Status
Minister for Regional Development and Manufacturing and Minister for Water	Department of Regional Development, Manufacturing and Water	Queensland Made: Labor's Plan to Protect and Create Manufacturing Jobs Establish manufacturing hubs in Cairns, Townsville and Rockhampton. An initial allocation of up to \$30 million will provide for land supply and infrastructure establishment costs of manufacturing hubs. The manufacturing hubs will be overseen, implemented and monitored by the Minister for State Development, Manufacturing, Infrastructure and Planning and the Department of State Development, Manufacturing, Infrastructure and Planning.	
Minister for Regional Development and Manufacturing and Minister for Water	Department of Regional Development, Manufacturing and Water	Queensland Made: Labor's Plan to Protect and Create Manufacturing Jobs Double our funding commitment by committing an additional \$20 million to the Made in Queensland grants program.	
Minister for Regional Development and Manufacturing and Minister for Water	Department of Regional Development, Manufacturing and Water	Consider adding Queensland clothing, textile and footwear industries to the Buy Queensland procurement policy.	
Minister for Resources and Critical Minerals	Department of Resources	Saving Habitat, Protecting Wildlife and Restoring Land Maintain self-assessable codes (SACs), including for fodder harvesting, where they are providing appropriate protections. Where necessary, SACs will be amended in line with relevant scientific literature and advice from the Queensland Herbarium.	
Minister for Resources and Critical Minerals	Department of Resources	Continue to work with the Minister's Resources Round Table to support the parties involved and bring discussions to a successful outcome by finalising the standard Conduct and Compensation Agreement for the coal seam gas industry and expand this initiative into mineral activity.	Parties have not reached agreement however Ministerial Roundtables have been held, and the reforms delivered, to improve the statutory negotiation and dispute resolution process for conduct and compensation agreements.

Minister	Department	Commitment	Status
Minister for Resources and Critical Minerals	Department of Resources	Investigate options to improve the efficiency and timeliness of resource approval processes and, where possible, reduce the duplication between assessing agencies.	
Minister for Resources and Critical Minerals	Department of Resources	Saving Habitat, Protecting Wildlife and Restoring Land Reintroduce legislation to protect remnant and high conservation value non-remnant vegetation. "High conservation value" will be defined consistently with the international definition advocated by the High Conservation Resource Network. However, the proposed reverse onus of proof on landholders prosecuted for illegal clearing will not be included.	
Minister for Resources and Critical Minerals	Department of Resources	Saving Habitat, Protecting Wildlife and Restoring Land Continue to update and improve the mapping of protected vegetation and ensure that mapping for the purposes of vegetation management is based on the regional ecosystem mapping managed by the Queensland Herbarium.	
Minister for Resources and Critical Minerals	Department of Resources	Saving Habitat, Protecting Wildlife and Restoring Land Release the Statewide Landcover and Trees Study (SLATS) on an annual basis within one month of receiving it from the Queensland Herbarium.	
Minister for Resources and Critical Minerals	Department of Resources	Saving Habitat, Protecting Wildlife and Restoring Land Ensure strong monitoring and resourcing for the enforcement of land clearing laws, drawing on the \$7.8 million investment made in high-resolution satellite imagery in the Government's first term.	
Minister for Resources and Critical Minerals	Department of Resources	Allow remnant vegetation mapped as Category X in a property map of assessable vegetation (PMAV) to be converted to Category A with the landholder's agreement.	

Minister	Department	Commitment	Status
Minister for Resources and Critical Minerals	Department of Resources	Queensland Made: Labor's Plan to Protect and Create Manufacturing Jobs In addition to the more than 450 square kilometres of gas tenements set aside to address the national gas shortage, unlock additional gas tenements exclusively for the domestic market.	
Minister for Resources and Critical Minerals	Department of Resources	Queensland Made: Labor's Plan to Protect and Create Manufacturing Jobs Conduct an annual domestic gas land release, so as to ensure manufacturers are able to source the gas they need.	
Minister for Resources and Critical Minerals	Department of Resources	Arrange meeting with NRM Regions Queensland.	
Minister for Resources and Critical Minerals	Department of Resources	Contribute \$100,000 towards an investigation into the best way the Mulgrave Road showground could be redeveloped in conjunction with Cairns Regional Council.	
Minister for Resources and Critical Minerals	Department of Resources	Continue implementation of measures to improve performance of Tenure Management System.	
Minister for Resources and Critical Minerals	Department of Resources	Accept the decision from the judicial review on the New Acland Coal Mine expansion.	
Minister for Resources and Critical Minerals	Department of Resources	Engage in further discussions with the Australian Petroleum Production and Exploration Association (APPEA) on their proposals around a joint taskforce and steel casing in horizontal wells.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Support collaboration with the Commonwealth Department of Environment, specifically the sharing of information, to support nominations for protection of the scalloped hammerhead <i>Sphyrna lewini</i> and the great hammerhead <i>Sphyrna mokarran</i> for the consideration of the Commonwealth Government's Threatened Species Scientific Committee, so that the Queensland Species Technical Committee (STC) can consider them for inclusion as protected species under the <i>Nature Conservation Act 1992 (Qld)</i> .	This commitment has been superseded by the Federal Government's decision to list the scalloped hammerhead shark as 'conservation dependent'.
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Work with traditional owners, stakeholders and communities to ensure the State's pristine rivers are protected. This will include a review of the extent to which the <i>Regional Planning Interests Act 2014</i> provides adequate protection for these rivers.	This commitment has been superseded by a 2020 Government Election Commitment relating to the Lake Eyre Basin.

Minister	Department	Commitment	Status
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Implement a pledge initiative to encourage pollution reduction from State and local government own operations as well as from key emitting sectors of the economy.	This commitment has been superseded by the Queensland Climate Action Plan 2020–2030.
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	An extra \$5 million for 'eco-lodges' to accommodate tourists taking part in a multi-day walk on Whitsunday Island.	This commitment has been superseded as it was not supported at the time by the Traditional Owners of Whitsunday Island. The funding for this commitment will be repurposed to upgrade nature-based visitor experiences on the Ngaro Walking Track under the 2020 Government Election Commitment.
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Advance Queensland: Foundations for the Future Invest a further \$93 million over four years in Advance Queensland, lifting the total Advance Queensland funding package to more than half a billion dollars.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Advance Queensland: Foundations for the Future As part of the Advance Queensland funding packing, invest \$30 million over the next four years in the successful Ignite Ideas program.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Advance Queensland: Foundations for the Future Continue to fund up to 25 researchers each year through Industry Research Fellowships, leveraging funding from industry and universities.	

Minister	Department	Commitment	Status
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Advance Queensland: Foundations for the Future Provide grant support to enable female founders and researchers to remain connected to their industries and maintain their career momentum while they take family leave.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Advance Queensland: Foundations for the Future Expand the Start-up Onramp Program to regional Queensland to deliver 12-week training programs giving aspiring entrepreneurs the skills they need to launch and grow their company.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Advance Queensland: Foundations for the Future Partner with universities, TAFE, the education system and business to deliver Deadly Innovations, a program designed to create more pathways for young Aboriginal and Torres Strait innovators to turn their ideas into reality.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Support the Quandamooka Yoolooburrabee Aboriginal Corporation (QYAC) in undertaking the required cultural heritage assessments to be submitted to the Federal Government to enable Quandamooka Country to be included on the Australia World Heritage Tentative List.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Saving Habitat, Protecting Wildlife and Restoring Land Advocate for the adoption of a national system modelled on the Statewide Landcover and Trees Study (SLATS).	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	A \$50,000 grant to Take Action for Pumicestone Passage (TAPP), a local volunteer environmental group.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$35,000 for a new greenhouse for Save Our Waterways Now (SOWN).	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Around \$100,000 will be provided to complete stage two of the bird rehabilitation enclosure and possum enclosure at the Australia Zoo wildlife hospital.	

Minister	Department	Commitment	Status
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$40,500 will be provided to the Australia Zoo's Wildlife Warriors for land restoration.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$45,000 to build 10 demountable koala enclosures at Currumbin Wildlife Hospital to support the rehabilitation of injured animals.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$10,000 to Moore Park Indooroopilly Bushcare for new interpretive signage to highlight the park's conservation values.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Allocate \$105,000 to Surf Life Saving Queensland to expand their involvement in the Crocwise education program.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Undertake a comprehensive review of the biodiversity offsets framework.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Work with stakeholders to progress and implement the recommendations of Koala Expert Panel.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Finalise the investigation into issues relating to Section 5a of the <i>Waste Reduction and Recycling Act 2011</i> and Section 7 of the <i>Waste Reduction and Recycling Regulation 2011</i> . Consult on the findings of that investigation with relevant stakeholders before deciding on a way forward.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Consult with industry, local government and community stakeholders to develop and adopt a Waste Avoidance and Resource Productivity Strategy for Queensland.	

Minister	Department	Commitment	Status
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Continue to pursue legislation to create a new tenure category called 'special wildlife reserve' and expand Queensland's protected area network by providing national park level protections for private land with significant ecological value.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Purchase land proposed for the Earl Hill development at Trinity Beach, and put it in to public hands to preserve it for future generations.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Provide \$100,000 to restore the heritage-listed Toowoomba Trades Hall.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Make an offer to the Shailer family to start the process to protect the missing link of bushland around Kimberley Plateau as part of Daisy Hill Forest.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Progress a World Heritage nomination for areas of Cape York Peninsula.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Work with Waste Recycling Industry Queensland and other stakeholders to develop an education strategy on environmental obligations targeting waste generators.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Work with Waste Recycling Industry Queensland to develop and implement appropriate measures to build on the success of Operation Tora and ensure businesses doing the right thing are able to thrive.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Continue to advocate for a national market mechanism that will efficiently, effectively and predictably drive down carbon pollution.	

Minister	Department	Commitment	Status
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Saving Habitat, Protecting Wildlife and Restoring Land Consult with the World Wildlife Fund Australia and other stakeholders to establish a flagship \$500 million Land Restoration Fund. The Land Restoration Fund will be established through an initial \$30 million contribution from the Queensland Government, with capital of \$500 million to be raised through the issuance of a State Government Green Bond. An advisory board will be established to give expert advice to government on the operation of the Fund.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$1.73 million to help Great Barrier Reef islands cut their emissions. The funding will assist islands to develop business cases for solar, wind and gas generation.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Contribute \$3 million to the Great Barrier Reef Foundation's \$14 million, five-year program to boost the climate resilience of the Great Barrier Reef islands.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Develop a plastic pollution reduction plan for Queensland.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Develop options for implementing the proposals outlined in the Heritage Working Group's final report from July 2017.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$2.78 million for the construction of a 20 kilometre multi-day walking track to connect Whitehaven Beach to Tongue Point.	

Minister	Department	Commitment	Status
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$1.2 million for expansions to Whitehaven Beach day use areas and camping grounds.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$2 million to upgrade and expand Hill Inlet Lookout.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Funding for the Mount Archer National Park walkways in Rockhampton.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$3 million for the Glass House Mountains National Park which will see the park's facilities receive a major upgrade, improving visitor activities including bushwalking, trail running, mountain biking and horse riding.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	A \$2.11 million upgrade to Daintree National Park for a new boardwalk through the forest, as well as walking tracks and lookouts.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	\$1.48 million for a new Binna Burra Visitor Centre and walking track upgrades in Lamington National Park.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Invest \$3 million in D'Aguilar National Park.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	An extra \$2.4 million, on top of the already committed \$10 million, to redevelop the Mon Repos Turtle Centre.	

Minister	Department	Commitment	Status
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Commence a trial in the first half of 2018 to determine the feasibility of side-by-side vehicle use on lands under state management.	
Minister for the Environment and the Great Barrier Reef and Minister for Science and Innovation	Department of Environment, Science and Innovation	Release and implement a Queensland Protected Area Strategy. The Strategy will include a continued Nature Refuge Program and expanded NatureAssist toolkit to support landowners.	
Minister for Fire and Disaster Recovery and Minister for Corrective Services	Queensland Fire Department	\$5 million for equipped Queensland Fire and Emergency Services facilities to service the community of Yarrabilba and surrounds.	
Minister for Fire and Disaster Recovery and Minister for Corrective Services	Queensland Fire Department	\$29.532 million over four years for an additional 100 firefighters and 12 fire communications officers.	
Minister for Fire and Disaster Recovery and Minister for Corrective Services	Queensland Fire Department	\$3 million for a new complex for Maleny's Emergency Services during this term.	
Minister for Fire and Disaster Recovery and Minister for Corrective Services	Queensland Fire Department	The current Sandgate Fire and Rescue Station site will be granted to the community, not sold off for profit.	
Minister for Fire and Disaster Recovery and Minister for Corrective Services	Queensland Fire Department	Meet with the Queensland Auxiliary Firefighters Association to discuss the Queensland Auxiliary Firefighters Association Charter.	
Minister for Fire and Disaster Recovery and Minister for Corrective Services	Queensland Fire Department	Continue the Emergency Volunteers Advisory Forum.	

Minister	Department	Commitment	Status
Minister for Fire and Disaster Recovery and Minister for Corrective Services	Queensland Fire Department	Work closely with Surf Life Saving Queensland and the Redland City Council to further develop the idea of a Lifesaving Centre of Excellence.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Subject to the finalisation of a business case, provide \$4 million for construction works on a barge landing site at Scarborough Boat Harbour.	A suitable proponent was unable to be identified for the operation of a barge service to Moreton Island resulting in this commitment being unable to be delivered. The \$4 million is now being used to deliver infrastructure consistent with the Scarborough Master Plan.
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$3 million for the planning and design of three new train stations at Pimpama, Helensvale North and Worongary/Merrimac.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Immediately assess Building Queensland's Townsville Eastern Access Rail Corridor (TEARC) business case and, if supported by the business case, move immediately to preserve the corridor required for the project which would see the line from Mount Isa connected to the Port of Townsville. If it is feasible construction will commence by 2020 and be completed by 2022.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Develop and implement the Queensland Walks strategy.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Expand the Station Accessibility Upgrade Program and provide funding to improve accessibility at six additional train stations throughout the South East: <ul style="list-style-type: none"> - \$17.6 million for East Ipswich Station - \$15.9 million for Cannon Hill Station - \$16.3 million for Fairfield Station - \$20 million for Buranda Station - \$18 million for Loganlea Station - \$17.4 million for Albion Station. 	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	\$69 million to improve park 'n' ride facilities across South East Queensland.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide funding for an extra 70 car parks at Geebung Station's park 'n' ride facility.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide funding for an extra 30 car parks at Virginia Station's park 'n' ride facility.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$21 million for an extra 600 car parks at the Greenbank RSL bus station's park 'n' ride facility, bringing its capacity to more than 840.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide funding for an extra 200 car parks, bringing the total capacity to 1058, at the Eight Mile Plains park 'n' ride facility.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$5 million for an additional 70 car parks at Lindum Station's park 'n' ride facility.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide funding for an additional 180 car parks at the Darra park 'n' ride facility.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$44 million for an additional 650 car parks at Springfield Central Train Station's park 'n' ride facility, bringing the total car park capacity to 1100.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide funding for an extra 300 car spaces, bringing the total number to over 350, at Salisbury Train Station's park 'n' ride facility.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$600,000 for a Kurilpa traffic management plan, which will have a multimodal focus on transport in Woolloongabba, South Bank Precinct, South Brisbane and West End.	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Providing funding to deliver the Eastern Transitway with \$22 million to upgrade 5 major intersections (Cavendish Road, Bennetts Road, Boundary Road, Gallipoli Road and Creek Road) which will include bus priority measures on Old Cleveland Road.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$53 million for the Northern Transitway to deliver continuous dedicated bus lanes during peak hours all the way from Chermside to Kedron – without losing any of the existing lanes.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Registration fees for vintage motorbike owners will be reduced by about 70 per cent. Changing this legislation is a priority.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	An improved bus service for Upper Kedron in 2018. There will be an extended 367 weekday service within months, providing better access to Ferny Grove rail station and the Great Western Super Centre at Keperra. Details of the route extension and stop locations will be resolved through consultation with Brisbane City Council, but will also include consultation with Cedar Wood's new Ellendale estate.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Queensland Made: Labor's Plan to Protect and Create Manufacturing Jobs Guarantee that all future rail rollingstock and associated infrastructure, for which Queensland has the manufacturing capacity to deliver, will be manufactured and maintained by Queenslanders to support jobs in Maryborough and other regional centres.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide half-price public transport for veterans by expanding the current transport discount to the 19,000 Department of Veterans' Affairs (DVA) white card holders under 64 – those who have war or service related injuries or disease.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Finalise a transport strategy within 12 months.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Invest \$4.1 million to upgrade a 1.9km section of the Yeppoon rail line to the JBS abattoir.	
Minister for Transport and Main Roads and	Department of Transport and Main Roads	Provide additional funding to complete the next stage of the Northern Cycleway from Windsor to Price Street, Woolloowin.	

Minister	Department	Commitment	Status
Minister for Digital Services			
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Conduct a comprehensive study into traffic flows on Samford Road.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Publish more new and updated Principal Cycle Network Plans (PCNPs).	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Investigate new approaches to wayfinding for cycle networks across Queensland.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Investigate the collection of injury and incident data relating to cyclists to understand how data sources can better work together to improve analysis of serious injury road crash data.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$800,000 towards planning and business case development for the Coopers Plains level crossing.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Invest \$14 million, over the next four years, in the Activate Queensland Policy to help build walking, cycling and horse-riding trails on disused rail corridors in Biloela, Gayndah, Mundubbera, Mulgildie and Bundaberg/Gin Gin areas. This will include funding for the Pineapple Rail Trail at Yeppoon.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	M1 Action Plan Subject to the finalisation of the business case, provide \$206 million for the six-laning of the Pacific Motorway between Varsity Lakes and Tugun.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	M1 Action Plan Invest \$25 million to upgrade the Oxenford (Exit 57) interchange on the Pacific Motorway.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	M1 Action Plan Invest \$16 million to develop a business case for future upgrades of the M1 corridor between Eight Mile Plains and the Logan Motorway to address: - upgrading the northbound lanes between Eight Mile Plains and Rochedale - upgrading the remaining section from Rochedale to the Logan Motorway	

Key:  Completed

Minister	Department	Commitment	Status
		- extending the South East Busway beyond Eight Mile Plains.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Continue to lobby the Federal Government to secure a fair share of funding for the M1 by seeking \$800 million from the Federal Government in a 80-20 split.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Establish a \$1 million fund to help charities meet safety standards for roads or transport-related works associated with their developments. This fund will support Farm Animal Rescue at Dayboro.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Bring forward Queensland's share of funding for the \$180 million project to duplicate the Douglas to Bohle Plains section of the Townsville Ring Road to four lanes (dual-carriageway).	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Commit to funding a 20 per cent share of the final stage of the Cooroy to Curra (Section D) project between Woondum and Curra to create a Gympie bypass.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Establish an independent Bruce Highway Trust and appoint a pre-eminent Queensland (Peter Garske) as Chair of the Trust. Representatives from the Department of Transport and Main Roads, the Department of State Development, Manufacturing, Infrastructure and Planning and the Federal Department of Infrastructure and Regional Development will be invited to join the Trust to provide subject matter and governance expertise.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Once established, the Bruce Highway Trust will develop a new 15-year vision for the Bruce Highway. The Trust will identify and prioritise projects to be delivered through rolling five-year Action Plans. The Trust will be provided with \$10 million over two years for the development of the 15-year vision and initial Action Plan.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Work with the Federal Government to ensure that savings made during the \$8.5 billion 10-year Bruce Highway Upgrade Program are reinvested along the Bruce Highway and not reallocated to other States.	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Provide \$30 million to deliver targeted investments (i.e. for wide centreline treatments and rest areas) in safety hotspots along the Bruce Highway.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Invest \$2.5 million to reduce the distance between charging stations along Australia's longest electric super charger highway.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Future-proofing the Bruce Establish a funding agreement in an 80-20 partnership with the Federal Government to deliver more than \$1 billion of funding annually. The Queensland Government will commit at least \$200 million a year to the Bruce Highway Trust and provide an initial injection of \$175 million for targeted productivity-boosting, safety and flood resilience projects.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$400,000 to fund a feasibility study into an overpass at the Beams Road level crossing at Carseldine.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Allocate \$20 million to four lane the Mount Lindesay Highway from Camp Cable Road through to the Johanna/Tamborine Street intersection. These works will raise the road for flood proofing at the same time. This is an addition to the works currently budgeted at Park Ridge South for four laning, the service lane at North Maclean and the Greenbank Road intersection.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$4 million for a business case to plan a Centenary Motorway bridge over the Brisbane River. The first stage would deliver an extra northbound lane, and be part of the creation of a new three-lane bridge northbound.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$6 million, on top of the \$400,000 already spent on planning, to fix the Ruthven Street and North Street intersection at North Toowoomba.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$4 million to install traffic lights and slip lanes at the intersection of Peachester Road and Old Gympie Road, outside the Beerwah State School.	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide another \$6 million worth of upgrades to the almost complete Rothwell intersection to widen the approaches of Deception Bay Road at Morris Road, providing three through-lanes.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$26 million to deliver a four-lane Everton Park Link Road between South Pine Road, north of Kedron Brook and Stafford Road, east of Mountbridge Street.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Increase law enforcement to prevent trucks heavier than 4.5 tonnes illegally using the Brisbane Urban Corridor (BUC) as a through-route. Action may include: <ul style="list-style-type: none"> - installing anti-heavy-vehicle signage along Mount Gravatt-Capalaba Road, Kessels Road and Granard Road - compliance staff using mobile, automatic numberplate-recognition devices to identify the heavy vehicles flouting the road rules. 	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Undertake planning and design work for an improved solution to the eastbound one-lane choke point at the Linkfield Road/Gympie Arterial Interchange at Carseldine.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Continue to work with the Commonwealth to secure funding for important upgrades to the Gulf Savannah Way and assess the best path forward through the 2018-19 State Budget process.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$16 million for the resealing and drainage of Pasha Road, Moranbah.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Investigate reducing speed limits in areas of high pedestrian and cycling activity.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Deliver a road safety education program to empower young Queenslanders to safely and confidently use city and regional roads.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Deliver another \$50 million, taking the total investment to \$380 million over the next five years, to help repair and maintain the Townsville to Mount Isa rail line.	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Boost the Marine Infrastructure Fund by \$30 million over 2 years.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$5.5 million to progress the design and establishment of a boat ramp at Yorkeys Knob.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$4 million to construct a new two-lane boat ramp at Newell Beach.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$1.3 million to upgrade the ramp at Cabbage Tree Creek.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$1 million to upgrade the Dohles Rocks ramp to four lanes and add a floating walkway.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$5 million, subject to environmental approvals being obtained, to fund channel deepening works to provide all-tide access at Molongle Creek.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$1.4 million to fund two near all-tide lanes and a floating walkway for the Corbetts Landing boat ramp.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$2 million to provide two near all or all-tide lanes at the Thompson Point boat ramp.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$800 000 to construct a two-lane boat ramp with floating walkway at Riedel Road in Carbrook.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	\$4 million for boat ramps across the Whitsundays including: - at Midge Point - \$1.4 million for a new boat ramp in the Cape Gloucester/Dingo Beach area - improvements to Shute Harbour.	

Minister	Department	Commitment	Status
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Provide \$1 million for an additional lane on the existing boat ramp Grasstree Beach.	
Minister for Transport and Main Roads and Minister for Digital Services	Department of Transport and Main Roads	Advance Queensland: Foundations for the Future Explore the opportunity to unlock spare capacity in the Queensland Government-owned fibre network – which stretches over 4000 kilometres – to deliver faster and cheaper internet access for regional Queensland.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Convene a working group of industry stakeholders and department officials within 100 days to further consider a proposal for alternative training pathways for electrical apprentices.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Queensland Made: Labor’s Plan to Protect and Create Manufacturing Jobs Assist workers to develop new skills to find secure employment in the manufacturing sector through the Queensland Workers Transition Scheme and Regional Skills and Employment Adjustment Strategy.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Work Ready Queensland: Skilling Queenslanders for Work Boost the Skilling Queenslanders for Work program by an additional \$180 million over three years.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Invest up to \$85 million over three years in the redevelopment, refurbishment and expansion of six identified high-need TAFE facilities.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Up to \$15 million for the Gold Coast TAFE Campus to establish a TAFE legacy post-Commonwealth Games and deliver mixed trades and services across the Gold Coast.	

Minister	Department	Commitment	Status
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Up to \$26 million for the Pimlico TAFE campus to consolidate the campus and upgrade existing facilities to a fit-for-purpose, modern condition.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Up to \$15 million for the Mt Gravatt TAFE campus to refurbish existing facilities to bring them into line with community expectations, giving students the ability to study locally.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Up to \$4 million to improve the Toowoomba TAFE campus and reconfigure older buildings to modern standards for students and staff.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Up to \$10 million for the training needs of the Redlands TAFE campus.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Up to \$15 million for the Cairns TAFE campus for the refurbishment of facilities to better utilise the campus.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Pathways to Training, Skills and Jobs Provide a grant of up to \$4 million towards the \$12 million cost to assist in the development of a state-of-the-art training facility at Beenleigh.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Work Ready Queensland: Extending the Back to Work Program Extend the Government's Back to Work regional program including Youth Boost, until 2020, with payment to continue until 2021, to continue to support regional Queenslanders into work.	

Minister	Department	Commitment	Status
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Up to \$5 million to introduce a special Back to Work Boost for six months for mature-aged jobseekers aged 55 and over. Under the Boost, employers who take on a mature-aged jobseeker will be eligible for up to \$20,000.	
Minister for Employment and Small Business and Minister for Training and Skills Development	Department of Employment, Small Business and Training	Appoint a prominent Queensland as an Ambassador for mature-aged-friendly workplaces.
